

A piece of Turkey in the heart of the city – that's Kado Kız. Our restaurant, café, and grill house combines traditional Turkish hospitality with culinary passion.

The name Kız means embers or charcoal in Turkish – and this is precisely what lies at the heart of our cuisine. Delicious specialties are created on our charcoal grill, whose unique aroma is reminiscent of Turkish culinary culture.

Our chef places great emphasis on quality, authenticity, and fresh ingredients. From classic mezze to homemade specialties to succulent grilled dishes, you can expect a variety that will delight your palate.

Kado Kız is more than a restaurant – it's a place where you can feel at home. In a warm, Turkish atmosphere, we invite you to enjoy, relax, and share wonderful moments together.

Make yourself at home and let us pamper you!
